**159TH STREET FROM QUIVIRA ROAD TO ANTIOCH ROAD (TH-0870)
OPEN HOUSE INFORMATION MEETING**

Dear Property Owner and/or Resident:

You are invited to attend an open house information meeting for the 159th Street improvements from Quivira Road to Antioch Road. The meeting is scheduled for **Tuesday, September 23, 2008 from 6:00 p.m. to 7:30 p.m.** at the Blue Valley Cedar Hills Elementary, 9100 W. 165th Street, located off of Antioch Road. The improvements include, widening the existing roadway to four through lanes with a raised median, curbs, turn lanes, sidewalks, street lighting, and signals at Quivira and Switzer.

The main focus of the meeting will be to address questions or concerns from the property owners located adjacent to the proposed improvements. At this time, we have completed preliminary plans. Attached is an aerial photograph that shows the proposed improvements.

The project is being designed by Affinis Corporation and construction is currently scheduled to begin in early 2010. The City of Overland Park Public Works Engineering division is performing project management and construction inspection. Staff members from Overland Park, as well as design engineers from Affinis Corporation, will be present to discuss the proposed improvements.

As a property owner in this area, we encourage you to attend this open house information meeting. If you have neighbors who did not receive this invitation, but are interested in the project, they are welcome to attend as well.

Please call me at (913) 895-6052 if you have any questions.

Sincerely,

BRIAN W. SCOVILL, P.E.
CIVIL ENGINEER II
