#### **BABY POOL**

- The baby pool may only be used by children 6 years old or younger. An adult must always accompany any child using the baby pool.
- Any child who is 2 years old or younger, or has a medical concern, is required to wear swim diapers in the baby pool.
- Any child who has had diarrhea or been vomiting in the last few days should not use the pool.
- While the water is chlorinated, parents are reminded that fecal contamination is the main source for pool closure. Since the baby pool's filtration system is connected to the main pool, a parent's negligence to control their children may force a closure of the pool for several days while super chlorination procedures are accomplished.

- No goggles, water wings, noodles, flippers, floaties, etc. are allowed off the diving board.
- Balls or objects will not be thrown at, or by, a person using the diving boards.

- Divers must jump straight out from the diving boards and then swim to the exit ladder closest to that board.
- Divers must wait for the person ahead of them to reach the ladder before diving.
- No swimming between, under the boards or to the East of the deep end exit ladders
- Only one bounce on the board is permitted.
- Once divers have reached the board, they may not climb back down the ladder without the assistance of a lifeguard.
- Swimming is allowed in the deep end if there are no divers and only if authorized by a lifeguard.

Be advised that renting the clubhouse does not entitle your non-NFS guests free use of the pool. These facilities are not inclusive, and partygoers using the clubhouse must still pay guest fees per the policy above to access the pool.
